

CODING SERVICES

- ***ANATOMIC PATHOLOGY***
- ***CLINICAL PATHOLOGY***

Coding Complexity

The service that was performed and why it was medically necessary sounds so simple and straightforward. With more than 10,000 CPT procedure codes and over 70,000 diagnosis codes to choose from, coding continues to grow in complexity and requires professional competency and expertise.

The Risks for Inadequate or Inaccurate Pathology Coding:

You practice medicine and interpret exams...

You may be paid if:

1. You correctly document what was performed.
2. The exam was deemed medically necessary and covered by the payor.

You can increase your payment probability if:

1. The correct procedure (CPT) code is applied to the claim.
2. The most precise diagnosis (ICD-10) code is applied to the claim.
3. The appropriate modifiers, when necessary, are all applied to the claim.

- Claims being denied and unpaid (real time)
- Claims being retroactively denied and repayment required (1, 2 or more-year look back)
- Patterns of unusual coding trends triggering audits
- Patterns of claim inaccuracy considered fraudulent
- Patients communicating errors to your hospital or facility
- Violations of Medicare, Medicaid and/or commercial payor contracts
- Loss of revenue, credibility or even disqualification from payor programs
- Quality Payment Program penalties

HEALTHPRO
MEDICAL BILLING
EXCEEDING EXPECTATIONS™

The Value of Accurate Coding Includes:

- Highest legitimate payment for work performed
- Faster processing and receipt of payments
- Reduced denials from payors
- Confidence you are in compliance with laws, regulations and guidelines
- **Peace of Mind**

Do you have assurance that each of these 7 requirements exist in your practice today?

We have built a coding process on the foundation of credibility, quality driven metrics and performance. HealthPro is designed to sync with your practice and assure that these 7 requirements are service deliverables so you can concentrate on what you do best...practice medicine.

Why Choose HealthPro for Coding Services?

Our team of certified, domestic coders help optimize your revenue and reduce your work backlog while minimizing your compliance risk.

We offer:

- Expert coding in Pathology
- 2 business days turnaround time
- All Pathology coders are US-based; we do not offshore any part of the coding process, therefore greatly reducing your risk
- Certified coding staff with years of coding experience
- 95% coding accuracy
- Pathology coders specifically dedicated to your account
- Weekly status report
- Internal quality auditing process
- Revenue enhancement
